Laboratories for Functional Neuroimaging (LNiF)
Research Project Proposal: Form B
Request for CIMEC Funds. Submit together with Form A

PROJECT DESCRIPTION

If you are planning to ask funding for your project to the CIMeC, please complete the following sections.

Please note that the eligible costs are only those <u>directly</u> linked with the project, e.g. subjects payments, specific small equipment/consumables/supplies needed for the project. No personnel costs/big equipment costs are eligible.

While not intended to be a comprehensive description of the project, sufficient information should be provided to allow understanding of the scientific basis and relevance of the project. Please provide a clear description of the project, but <u>DO NOT EXCEED TWO PAGES</u>.

Scientific Question

Design

Data Acquisition

Data Analysis

Evaluation of the outcome

RESOURCE REQUIREMENTS

If not already available to you in the requested Lab, please outline laboratory resources needed (including human resources and their roles, and resources required for subject recruitment and screening) necessary to complete this project. Indicate which resources are in place and which are required. For resources that are not in place, outline your plan to obtain and allocate these resources.

Office space needs (location, frequency, number of people)

CiMeC

Computer needs (including specific software)

Resources needed for Subject Recruitment & Screening

Technical assistance for planning, running, analyzing data

UNIVERSITY ETHICAL COMMITTEE APPROVAL

Unless the research project involves only behavioral experiments with no other equipment than a computer, all other human research projects require approval from the UNITN Ethical Committee. Submission forms can be downloaded from the UNITN website. Requests for information/administrative assistance can me made to Valeria Nencini (valeria.nencini@unitn.it).

BUDGET

If you are requesting a CIMeC grant for your project, please provide an estimate of the budget required to complete this project. Please note that the eligible costs are only those directly linked with the project, e.g. subjects payments, specific small equipment/consumables/supplies needed for the project. No personnel costs/big equipment costs are eligible.

	Specifications	Unit cost	Cost
Direct Costs			
Specific equipment			
Software			
Consumables/supplies			
Other costs	e.g. payment to volunteers		
Other costs			
Tot. Direct Costs			
Total Requested Grant			

Previously submitted project proposals <u>with funding request</u>
List of all projects previously submitted (ongoing, completed, not sponsored and pending).

Ongoing projects
Completed projects:
Not sponsored projects:
Projects pending evaluation:

Availability of office space/computers

Office space   Yes ☐   No ☐
Computer/software   Yes ☐   No ☐

Availability of machine time in period requested

Yes ☐   No ☐

Please note that, if the project is approved, you will be required to provide a progress report.
When complete, submit together with Form A by sending to: valeria.nencini@unitn.it
